BOYS FIRST .- Your thought of boys' clothes embodies strength and utility; why not beauty too? Those we make combine all these features. Even our \$3, \$4, and \$5 suits are neat and stylish. At \$6, \$7, and \$8 a larger choice of fabrics and so many pretty costumes for little fellows that it is hard to stop with a single selec-tion. More costly suits, of course, for those who want them.

The other things boys wear are conveniently near. Shirts and shirt waists, underwear, neckwear, hosiery, shoes, hats. We can afford to keep a large variety in these goods and to sell them very close, and we do.
